2014 Price List

Part number	Description	Price USD
107-XX-DD	Filter Wheel with Integrated Controller . XX - microscope model, DD - filter size: 25 mm (12 positions) or 32 mm (10 positions). More than 20 microscope models are supported.	1700.
109-XX-DD	Large Capacity Filter Wheel with Integrated Controller . XX - microscope model, DD - filter size: 25 mm (22 positions) or 32 mm (18 positions). More than 20 microscope models are supported.	2000.
101-XX	Focus Drive with Integrated Controller . XX - microscope model. More than 30 microscope models are supported.	1300.
110-01-XX	Motorized 4-Slide Stage with Integrated Controller . Lead screws with 1 mm lead. XX - microscope model.	TBD
108-XX	Filter Cube Slider with Integrated Controller .	1900.
104-99	Cable for Devices with Integrated Controller (e.g., filter wheel, stage, cube slider)	100.
104-94	Order one of: 104-94, 104-95, 104-96, or 104-97 Converter (RS232-RS485) Box with USB Converter and Cable	200.
104-95	Converter (RS232-RS485) Bracket with USB Converter and Cable	200.
104-96	Converter (RS232-RS485) Box with Serial Cable	150.
104-97	Converter (RS232-RS485) Bracket with Serial Cable	150.
104-0	Distribution Box with RS232-RS485 converter for devices with integrated controller.	TBD
104-2	Motor Controller Unit for 3-rd Party Stages . Has two step motor controllers, RS232-RS485 converter, and a loop-through to other devices.	950.
104-81	Power Supply 12V	60.
104-82	Power Supply 24V	100.
011-C-XX-I-A	RGB LED Illuminator with Variable Intensity for brightfield illumination in upright microscopes. C - RGB (red, green, blue), RGBA (+amber), RGBW (+white). XX - microscope model. I - interface, serial or USB. A - current, from 350 mA to 1A.	1500. (base price)
015-XX-W	White Light Illuminator for Fluorescence or Transmission. XX - microscope model. W - power.	TBD
020-00	Universal Direct Parfocalizing C-Mount Camera Adapter . C-mount head.	150.
020-XX	Microscope-specific base.	100.
